

StoreFlow™ Workstation v2.4

High-speed sovereign retail billing, thermal barcode printing, and local-first inventory workstation. Engineered for footwear showrooms, apparel outlets, and high-volume retail counters with **zero cloud subscription fees**.

< 0.4ms	100%	₹0 / Mo	Lifetime
EXECUTION LATENCY	OFFLINE AIR-GAPPED	CLOUD SAAS RENT	OWN FOREVER LICENSE

Instant Thermal Barcode Printing
Direct ESC/POS driver integration for 58mm/80mm thermal printers. Prints bills & custom barcode tags in < 0.4s without Windows print spooler lag.

100% Air-Gapped Local Redb Engine
Zero internet required. Never hangs during internet drops or power cuts. All customer records and product stock stay 100% private on your machine.

1-Click WhatsApp Daily Closing Report
Automatically summarizes daily gross sales, cash-in-drawer, UPI transfers, and staff audit reports. Sends directly to store owner's WhatsApp at night.

Built-in Barcode Designer & Scanner
Generates custom 50mm x 25mm barcode stickers with MRP, size, model, and discounts. Works natively with all standard USB & Bluetooth handheld guns.

KERNEL: Native Rust + Redb Engine | **OS:** Windows 10 / 11 (64-bit) | **DELIVERY:** Instant .exe Setup
